

Art 421 _ PHOTO III

Alternative Photographic Processes (texts, writings, et al.)

LINKS:

<https://digitalcommons.uri.edu/cgi/viewcontent.cgi?article=1549&context=srhonorsprog>

(a limited number of non-silver processes are discussed in this digital text)

<https://www.photrio.com/forum/home/>

A site blending multiple interest groups with many relating to alternative processes> Many good examples of work being done in Alt Processes.

<https://www.alternativephotography.com/>

A very developed website especially useful to practitioners of alternative photographic processes. Much current information and a good deal of older material as well.

<https://go.photoshelter.com/photographers/blog/alternative-printing-processes-for-photographers/>

Great simple presentation of approximately 8 traditional non-silver photographic processes.

<https://www.onlandscape.co.uk/2025/05/the-alternative-movement/>

A more limited listing including cyanotype, platinotype and chrysotype.

<https://www.mediafactory.org.au/clare-chapman/sample-page/>

An extended list of processes and artist's works from down under
